Deep & Flat

XTONE sinks offer customization of the drainage system. On the one hand, the Deep series directs the water flow through a straight slot, while the Flat series stands out for its flat and accessible cover.

Los lavabos XTONE posibilitan la configuración del sistema de filtrado del agua. Por una parte, la serie Deep conduce el agua hacia una ranura recta, mientras que la serie Flat destaca por su cubierta plana y accesible.

Les lavabos XTONE permettent la configuration du système de filtration de l'eau. D'une part, la série Deep conduit l'eau vers une rainure droite, tandis que la série Flat se distingue par son couvercle plat et accessible.
